

Add Newsletter Archive on Client Website

1. Add below mentioned embed code in the content area of the page you are going to show newsletter archive.

```
<div id="nl-container"></div>
<script type="text/javascript">(function(link,selector){var
initNLArcive=function(link,selector){if((typeof
jQuery=='undefined')){jQCheck(function(){initNLArcive(link,selector)},6);return!1}
$.get(link,function(html){var tempData=html;uiSetter(tempData,selector)}})
var jQCheck=function(callback,tries){if((typeof
jQuery=='undefined')){if(tries>0){console.log(tries);setTimeout(function(){jQChec
k(callback,tries-1)},500)}else{resourceInjector(document,'script','https://www.ekw
a.com/nl-demo/js/jquery-1.12.3.min.js',null,callback)}}else{callback()}}
var uiSetter=function(html,selector){var
cssResources=["https://www.ekwa.com/nl-demo/css/styles.css"];var
tempHtml='<div
class="ekwa-nl-wrapper">'+html+'</div>';tempHtml=$(tempHtml)
resourceInjector(document,'link',cssResources[0]);$(selector).eq(0).append(tempH
tml)}
var resourceInjector=function(documentObj,element,link,traget,callback){var
tempElem=documentObj.createElement(element);if(callback){tempElem.onload=fu
nction(){callback()}}
if(element=='script'){tempElem.async=!0;tempElem.src=link}
if(element=='link'){tempElem.href=link;tempElem.rel='stylesheet'}
if(traget){var
tempTraget=documentObj.getElementsByTagName(traget)[0];tempTraget.parentN
ode.insertBefore(tempElem)}else{documentObj.body.appendChild(tempElem)}}
initNLArcive(link,selector)}("https://newsletters.ekwadesign.com/archive/a
uthor/dr-sameet-koppikar/",'#nl-container');</script>
```

You need replace the highlighted part of the embed code using the unique newsletter archive URL belong to the client you are adding newsletter archive.

You can find your client's newsletter archive profile link from the tracker mentioned below.
